

**CLASSICA STUDIOS Revolutionizes Web3 Entertainment with \$CLABS
Token Launch Building the World's Most Rewarding Token in
Web3**

Hamilton, Bermuda, March 2025– CLASSICA STUDIOS, a pioneering leader in the Web3 entertainment space, announces the launch of the groundbreaking \$CLABS token, an innovative governance and reward token that is set to redefine the digital entertainment ecosystem. As a key player in this rapidly evolving industry, CLASSICA STUDIOS is on a mission to build a \$1 billion intellectual property (IP) empire encompassing cutting-edge video games, digital art, and immersive experiences in the metaverse.

With the Web3 and NFT markets poised for exponential growth, CLASSICA STUDIOS is positioning itself as a major force, offering users a unique blend of entertainment and financial opportunities through its ecosystem. Powered by advanced AI technology, blockchain authentication, and augmented reality, the platform is designed to cater to a diverse range of digital enthusiasts and creators.

A Billion-Dollar Vision for the Future of Web3 Entertainment

CLASSICA STUDIOS is spearheading a new era of Web3 entertainment, with plans to develop a comprehensive ecosystem of interconnected digital experiences. These include:

- **Next-Generation Web3 Video Games:** Featuring play-to-earn mechanics, these games reward players with \$CLABS tokens for their dedication and in-game achievements.
- **Trading Card Game:** An exciting new entry into the digital card game space, where players own their cards and compete in an ever-evolving, strategy-driven environment.
- **Digital and Physical Collectibles:** CLASSICA STUDIOS offers a wide range of collectibles that combine cutting-edge digital art with tangible items, allowing users to own high-quality, AI-generated pieces of art.

- **AI-Powered Art Revolution:** Utilizing GPT-based technology, the platform's art generation feature allows users to create stunning digital art, pushing the boundaries of artistic expression in the digital realm.
- **Metaverse Integration:** The platform will seamlessly integrate these elements into the metaverse, offering a fully immersive and interconnected user experience.

Alan Johnson, spokesperson for CLASSICA STUDIOS, expressed the company's commitment to becoming a leader in Web3 entertainment:

"Our vision is clear: to create the most rewarding token and the most engaging entertainment platform in the Web3 space. With the \$CLABS token, we're giving users not just entertainment, but an opportunity to participate in a thriving digital economy."

A Thriving Digital Economy for Users

The CLASSICA STUDIOS platform is designed to be more than just entertainment—it's an economic engine. Users can participate in daily earning opportunities tied to the platform's success, making it a mutually beneficial ecosystem. The \$CLABS token serves as the linchpin of this ecosystem, offering users rewards, governance rights, and financial incentives through:

- **Staking Rewards:** Holders of the \$CLABS token can stake their tokens to earn passive daily income. This not only benefits users but also helps to reduce the circulating supply, increasing the token's value over time.
- **Play-to-Earn Gaming:** By participating in Web3 games, users can earn \$CLABS tokens based on their in-game achievements and performance.
- **Digital Collectibles:** The platform's diverse array of digital collectibles offers users a chance to earn from their artistic creations or trade them within the CLASSICA STUDIOS marketplace.

The \$CLABS Token: A Game-Changer in Web3

The \$TRUMP AIAI token is the utility token that fuels the entire CLASSICA STUDIOS ecosystem. It comes with several key features, designed to enhance user participation and ensure long-term growth:

- **Governance and Rewards:** Token holders have a say in platform governance, making decisions that shape the future of the ecosystem. Additionally, the \$CLABS token rewards users for their engagement and contributions to the platform.
- **Burn Mechanism:** To maintain scarcity and increase the token's value, 1% of the buyback tokens will be automatically burned, permanently reducing the circulating supply.
- **Buyback Strategy:** CLASSICA STUDIOS will use 5% of the annual operating profits from its partner, Classica Studios Labs, to buy back \$CLABS tokens, further driving demand and increasing the token's value.

Phase-by-Phase Roadmap for Growth

CLASSICA STUDIOS has a clear roadmap for growth and development:

- **Phase 1: Preparation** – The idea for CLASSICA STUDIOS was conceived in October 2022, and the platform launched in January 2023.
- **Phase 2: Pre-Launch** – The creation of the \$CLABS token, the release of the whitepaper, and the start of the token's presale were achieved in early 2025.

- **Phase 3: Launch** – The launch of the \$CLABS token, affiliate programs, and community events is currently underway, with further plans to integrate NFT membership and offer USDT staking rewards.
- **Phase 4: Exponential Growth** – Plans for future growth include partnerships with industry leaders, influencer marketing, and collaboration with top athletes to expand the platform's reach.

Why Now?

The timing of CLASSICA STUDIOS's rise couldn't be better. The global NFT market is expected to reach \$231.98 billion by 2030, according to industry reports. As Web3 technologies reshape the entertainment landscape, the potential for growth in this space is unprecedented. The \$CLABStoken offers users a chance to diversify their portfolio while participating in an exciting and rapidly expanding market.

About CLASSICA STUDIOS

CLASSICA STUDIO is a leader in Web3 entertainment, specializing in the development of digital art, NFTs, and metaverse applications. With a focus on AI-powered innovation, the platform combines the latest technologies in gaming, blockchain, and augmented reality to create a truly immersive and rewarding user experience.

BITCOIN STOCK PILE BUILDING

Due to the positive environment resulting from action taken by President D.J.Trump administration, the project sponsors and team have decided to significantly increase their exposure to Bitcoin and Bitcoin - related products. They plan to invest in various related assets, such as digital art/Bitcoin Ordinals and other cryptocurrency -focused companies. The sponsors aim to achieve a target exposure of approx \$50 million in Bitcoin -related holdings in the medium to long term.
